Meditation Session

Three-Session Package

This package consists of three one-hour sessions and is ideal for individuals, couples, or small groups.

Session 1 – Exploring Mindfulness

Mindfulness involves intentionally paying attention to the present moment and accepting it without judgement. It is not about eliminating thoughts but about observing them clearly. This session introduces practical techniques to recognise habitual reactions and respond with greater awareness and calm. The session may include breath awareness and grounding practices.

Session 2 – Coming into the Body

This session focuses on bringing awareness to bodily sensations. The body provides insight into our emotions and patterns. Through simple movement and awareness exercises, participants learn to notice physical responses without judgement, followed by reflective enquiry. The practice emphasises connection between mind and body.

Session 3 – Exploring Awareness

This session explores the nature of awareness and how perception influences experience. Through guided practice and discussion, participants deepen their understanding of mindful observation. The session concludes with a practice centred on gratitude and integration.

Price:

9,000 MZN per person

Five-Session Package

This session includes all three sessions from the Three-Session Package plus two additional sessions.

Session 4

Follows the “coming into the body” session with further guided mindfulness practices and reflective enquiry. May include mindful movement or walking meditation on the grounds of Vilanculos Beach Lodge or on the beach.

Session 5

Focuses on “exploring awareness” in different environments, incorporating outdoor sessions where appropriate (for example at the Red Dunes or another secluded location).

Price:

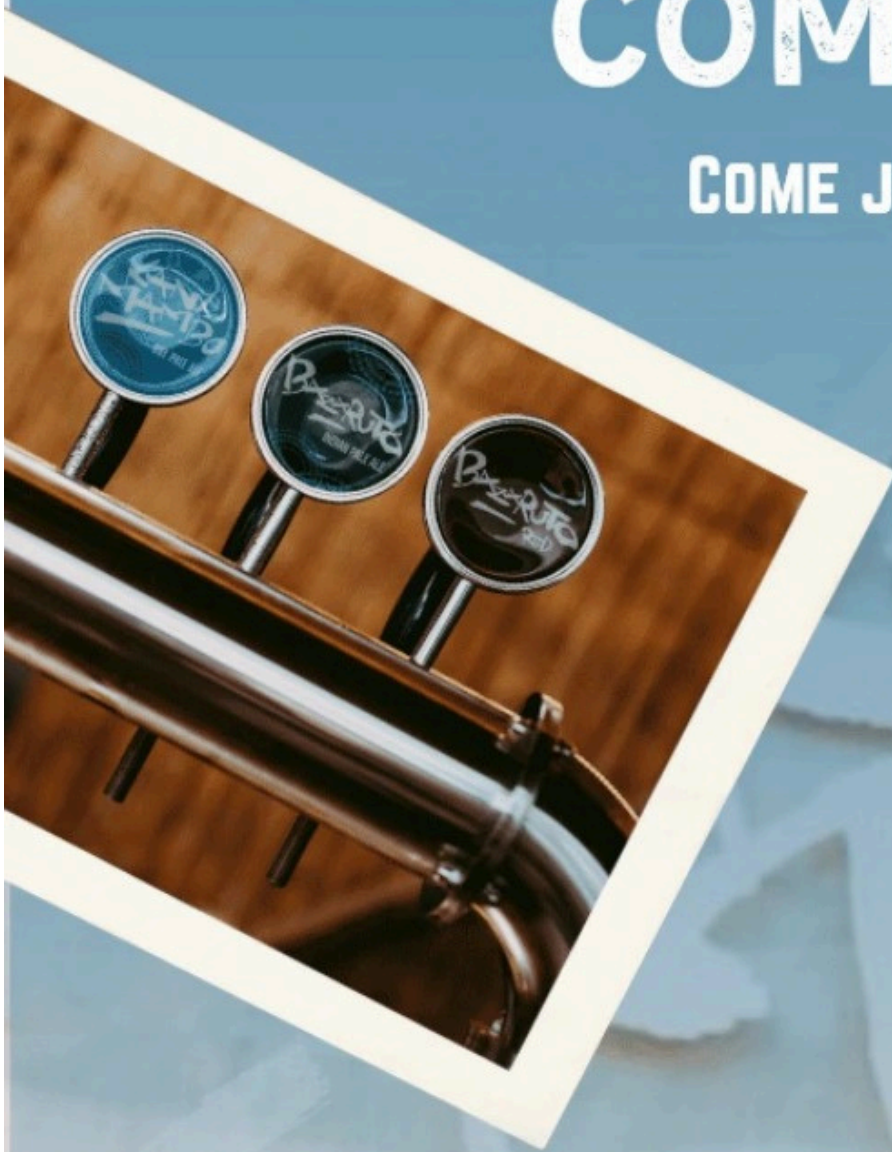

15,000 MZN per person
