CHIBUENE HISTORICAL & HERITAGE TOURS

A BIT OF HISTORY
Guided tour to an archaeological site in Mozambique, located on the coast line in Vilankulo.

Chibuene was a trading settlement for more than a thousand years.

In this period Southern African countries had their own trading system and were partners on an international trade network. Natives used to export ivory, animal skins, ceramics, gold and some natural goods to India, China and Persia. In turn the natives would receive luxury items such as porcelain, glass, fabrics and beads. The beads were used exclusively by wealthy men as tokens to their wives or girlfriends as a romantic gesture or to gain favour. On Chibuene beach it is still possible to find some of these pieces of African History.
